FASTENERS FOR
ELECTRONIC SHELF LABELS (ESL)

Advantages of OEK fasteners:

- quick and easy to assemble
- flexible to mark special promotions or add additional information
- easy to read, no covers
- countless possibilities for presentation with the OEK Klick range
- upon demand OEK develops custom made solutions

OEK fasteners for ESL are used in:

- pharmacies
- drugstores
- cash and carry as well as supermarkets
- organic food stores
- beverage shops
- gas stations
- electronic stores
- DIY stores
- bicycle shops

OEK

oechsle display systems

reliable and innovative

Our range of ESL fasteners suit price tags of different brands, such as PRICER, Solu M [Samsung], Delfi [Display Data] and Imagotag.

We are constantly developing new designs to meet the requirements of the market. Please contact us with your special demand.

Solu M [Samsung]

Delfi [Display Data]

PRICER
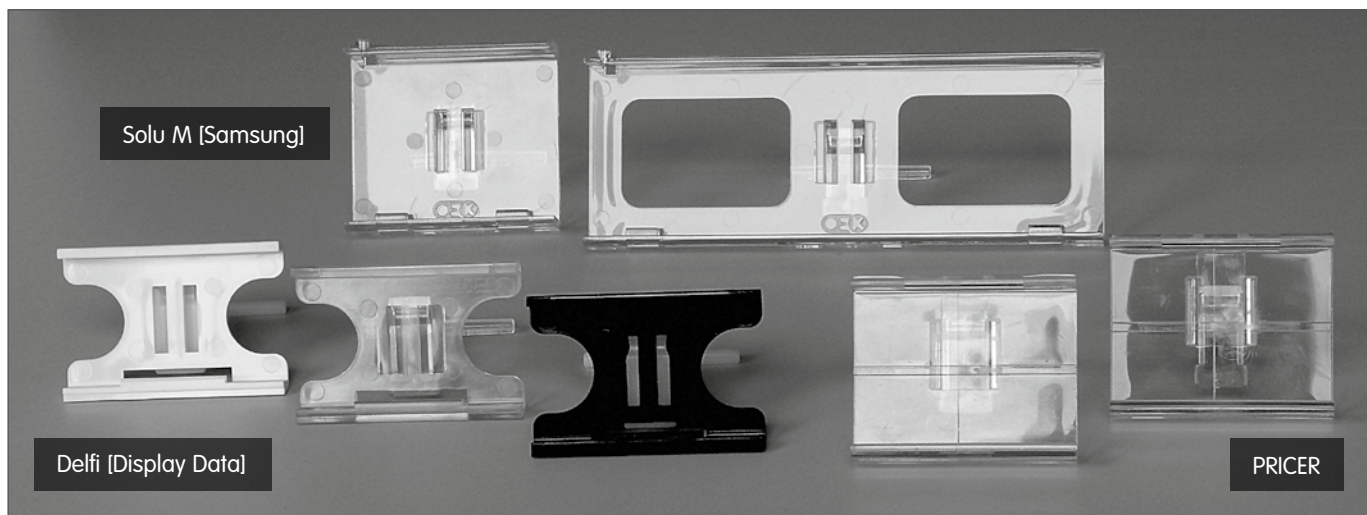

With a few standard-products we provide for typical applications.

- **universal fastener**
  (to be used with the OEK Klick range of accessories)
- **fastener for peg-board hooks**
- **fastener for wires**
- **fastener for scanner rails**
- **fastener for glass shelves**
- **fastener for wire shelves** (Wire Tech, PureTech)

OEK Klick accessories – that's how it works:

All ESL universal fasteners come with a Klick adaptor on the rear.
The Klick accessories are inserted into this dovetail guide and are locked securely into place with an audible „Klick".

„Klick"
